Vote Required (If N is selected, this item is just for discussion to share the Experience, Strength and Hope of the NSC): Y

Exact proposal for NSC consideration (2 sentences ideally):

Trusted servants are to perform their service as they feel best allows them to fulfil their service commitment. Trusted servants are not required to seek a vote or input from the NSC on the undertaking of their service role unless they require the input and ESH of the committee.

Supporting background information to be circulated prior to the meeting (please include links to online documents or indicate that there are attachments to be circulated with the agenda):

It has come up several times lately that actions performed in the execution of service should be brought to the NSC before being undertaken. This has brought into question whether trusted servants are trusted to perform the roles they have volunteered to perform.

People in service are encouraged to reach out for experience, strength and hope along with support or to bring proposals to the NSC for a vote where it is felt necessary.
